

- Tremendous Standability
- Excellent for Frogeye
- Good Emergence

Product Description

(Rating - 9 is best)

<u>General Characteristics</u>	
Exp #	6899
Year Released	2018
No-Till Adapted	8
Summer Canopy	Medium
Recom. Row Widths	All
Shatter Score	9
Harvestability	8

<u>Plant & Seed Traits</u>	
Seedling Emergence	7
Plant Height	Med. Tall
Standability	9
Flower Color	Purple
Pubescence	Lt. Tawny
Pod Color	Brown
Seeds/Pound	2700
Hilum	Brown
Cyst Nematode Resistance:	R3,MR14
Root Knot Nematode	NR

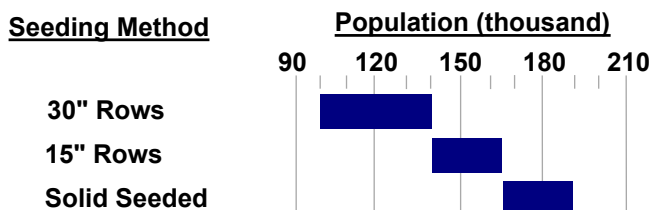

<u>Plant Health Traits</u>	
Phytophthora Res:	None
Phytophthora Tolerance	7
Sudden Death Syndrome	6
Brown Stem Rot	NR
White Mold Rating	NR
Frogeye Leaf Spot Tol.	9
Iron Deficiency Chlorosis	NR
Stem Canker	NR

Beck's Bit:

Beck's Freedom Plus™ soybeans offer herbicide tolerance to both glyphosate and Liberty® herbicides and each of these herbicides may be post applied in crop to BECK 4628FP. This is an opportunity for great weed control powered by the latest high performing genetics. Use the power of Beck's Freedom Plus soybeans to manage your hard to control weeds and protect your yield fence row to fence row.
